**Credit Hours:** 3

**Text(s):** Finite Mathematics and Its Applications, Twelfth Edition, by Goldstein, Schneider and Siegel, Pearson 2018

**Calculators:** You will need a Scientific Calculator for the course.

**Course Description:** This course meets the quantitative reasoning requirement, one of the Foundation requirements of the Mason Core. The goal of the Foundation requirement is to help ensure that students are equipped with the tools and techniques necessary to succeed in college and throughout their lives and careers. We will cover the following topics:

- Linear Equations
- Linear Systems and Matrices
- Leontiff Input/Output Analysis
- Markov Processes
- Data Fitting - Polynomial Interpolation, Least Squares

**Disability statement:** If you are a student with a disability and you need academic accommodations, please see me and contact the Office of Disability Resources at 703.993.2474. All academic accommodations must be arranged through that office.

**Tutoring Center:** The Math Tutoring Center is located in the Johnson Center Room 344. Help is available on a walk-in basis. For hours of operation see <http://math.gmu.edu/tutor-center.php> University Honor Code: You are expected to follow the GMU Honor Code

<http://oai.gmu.edu/the-mason-honor-code/>.

### **Exams:**

- Exam 1: 02/21/2019
- Exam 2: 03/21/2019
- Final Exam: 05/14/2019, 10:30-1:15

### **Grade Distribution:**

Exam 1	25%
Exam 2	25%
Final Project	20%
Final Exam	30%

**Final Project:** You will be working in groups of 3-4 students. Topics will be picked towards the second half of the semester, and a final presentation will be scheduled during the last two weeks of classes.

**Computers:** We will be using Matlab to help with matrix calculations. This software is available for student use either on campus or remotely on [mason.gmu.edu](http://mason.gmu.edu). The system requires your PatriotPass. There are computer labs in the Johnson Center in rooms 342.

For open hours see <http://doit.gmu.edu/faculty-and-staff/computer-labs/computer-lab-locations/>

### **Course Policies:**

- Exams are closed book, closed notes.
- No makeup exams will be given.
- Attendance is expected.
- Students are responsible for all missed work, regardless of the reason for absence. It is also the absentee's responsibility to get all missing notes or materials.
