Math 008 Algebra Tutorial

Study the material listed below. A test for each module must be passed before the comprehensive final. All testing is done in the Math Tutoring Center (JC 344).

- From the drop down menu choose: Bittinger: Introductory Algebra, 10e
- To test your knowledge of chapter content, take a sample test. Then, go to the study plan to see which objectives you should focus on. You may also access the study plan without first taking a sample test.
- Once you have chosen a section in the study plan, there is a section video available for viewing. The video icon appears in the top right section of the page.
