

STEM MANIA

A GMU College of Science Summer Camp

STEM MANIA is a one-week long summer camp for rising 3RD, rising 4TH, and rising 5TH graders. The camp, designed by the STEM Accelerator Program (GMU), will expose **ELEMENTARY** school age students to a variety of disciplines in science, technology, engineering, and mathematics (STEM) including:

Biology
Mathematics
Geology
Chemistry
Engineering

Physics
Geography
Forensic Science
Design & Innovation
STEAM, STEM-H

Throughout the week, the students will learn how to apply critical thinking methods to fun and creative problem solving activities.

The **Leadership and Entrepreneurship** component of the camp will give the students an opportunity to meet successful members from leading organizations and/or own their own business.

If you are in need of a financial scholarship (full or partial), please indicate that on your application. Limited scholarships are available so be sure to submit your application by the scholarship deadline of **April 21, 2014**.

If you are interested in donating funds to the STEM MANIA camp scholarship fund, please visit www.fundly.com/STEMMANIA.
