on exam scores before curving, if any.

Policies: 1. If there are enough seats in the room, no students are allowed to sit 
next to each other during exams. I can change the seat of any student 
during exam for any reason.
2. Students who copy other students’ exam or have someone take exam 
for them will be dealt with seriously.
3. When I make up exams, I always think about what I did or 
said in class. So it is important you don’t miss lectures. From 
my experience, students who attend all lectures do better in my classes.
4. I may check your ID during exams.
