Quizzes: Quizzes will be given by the GTA every week.

Homework: Homework problems for practice will be assigned after each class. You are encouraged to ask the GTA or me if you have difficulties in the problems.
Grading: Grades will be based on the percentage of total points earned out of 460 points, divided as follows: Quizzes (100 pts.), Midterm Exams (200 pts. total), Final Exam (160 pts.)
There will be NO make-up exams or quizzes. In case one of the exam scores is much lower than the others, some consideration may be given in assigning the final grade. If a midterm exam is missed for a valid excuse, your final exam will be counted 100 pts. more. Grading Scale: 

Policies: 1. If there are enough seats in the room, no students are allowed to sit next to each other during exams. I can change the seat of any student during exam for any reason.
2. Students who copy other students' exam or have someone take exam for them will be dealt with seriously. I may check the ID of any student during exams.
3. When I make up exams, I always think about what I did or said in class. So it is important you don't miss lectures. From my experience, students who attend all lectures do better in my classes.
