There will be NO make-up exams. In case one of the exam scores is much lower than the others, some consideration may be given in assigning the final grade. If an hour exam is missed for a valid excuse, your final exam will be counted 100 pts. more. Policies: 1. If there are enough seats in the room, no students are allowed to sit next to each other during exams. I can change the seat of any student during exam for any reason.
2. Students who copy other students’ exam or have someone take exam for them will be dealt with seriously.
3. When I make up exams, I always think about what I did or said in class. So it is important you don’t miss lectures. From my experience, students who attend all lectures do better in my classes.
4. I may check your ID during exams.
