Text: *Thomas' Calculus, Early Transcendental, 11th Edition*

Prerequisites: C or better in Math 114.

Important Dates: 6/1 First day of classes
6/17 Exam I
7/8 Exam II
7/15 Last day of classes
7/20, Monday (4:30 pm–7:15 pm) Final Exam

Homework: Homework are not to be handed in, but problems on the exams will be, for the most part, similar to these problems.

Grading: Grades will be based on the percentage of total points earned out of 380 points, divided as follows: Hour Exams (200 pts. total), Final Exam (180 pts.)
There will be NO make-up exams. In case one of the exam scores is much lower than the others, some consideration may be given in assigning the final grade. If an hour exam is missed for a valid excuse, your final exam will be counted 100 pts. more. Grading Scale: A+: 96–100, A: 90–95, A–: 87–89, B+: 84–86, B: 80–83, B–: 77–79, C+: 74–76, C: 70–73, C–: 65–69, D: 60–64, F: 0–59.

- Policies:
1. If there are enough seats in the room, no students are allowed to sit next to each other during exams. I can change the seat of any student during exam for any reason.
 2. Students who copy other students' exam or have someone take exam for them will be dealt with seriously.
 3. **When I make up exams, I always think about what I did or said in class. So it is important you don't miss lectures. From my experience, students who attend all lectures do better in my classes.**
