

INSTRUCTOR	Sangwook Kim Office : Science & Technology I, Room 226D Email : skim22@gmu.edu Phone : 703-993-1981 Webpage : math.gmu.edu/~skim22
SCHEDULE	MWF 11:30 - 12:20, Science and Technology I 131
OFFICE HOURS	MW 2:30 - 4:00, and by appointments
TEXTBOOK	Calculus For Business, Economics, and the Social and Life Sciences, 10th Edition, by L.D. Hoffman and G.L. Bradley.
PREREQUISITE	Specified score on the Math Placement Test or successful completion of the algebra tutorial program offered through the Mathematics Learning Center.
COURSE CONTENT	Chapters 1 - 5 will be covered.
HOMEWORK	Homework problems will be assigned weekly. Homework will not be collected. However, it is essential to solve all assigned homework problems in order to understand the course material.
QUIZZES	There will be weekly quizzes except the weeks of tests. <i>No make-up quizzes will be given.</i> Instead of that, I will drop your two lowest quiz scores.
TESTS & EXAMS	There will be three midterms and a comprehensive final exam. Midterm 1 (rescheduled) : Monday February 22 Midterm 2 (rescheduled) : Wednesday March 24 Midterm 3 : Wednesday April 21 Final (rescheduled) : Saturday May 8 (9:45 am - 11:45 am) <i>There will be no make-up tests.</i> If you miss an exam due to a legitimate reason - which you will have to justify to me (e.g., illness), then the final exam will be used in its place.
GRADING POLICY	Quizzes = 10% Three midterms = 60% (20% each) Final exam = 30%
CALCULATORS	You may use a scientific calculator on quizzes and tests, but the graphing calculators will never be allowed.
HONOR CODE	It is expected that each student in this class will conduct himself or herself within the guidelines of the Honor Code. All academic work should be done with the level of honesty and integrity that this University demands.
